STAGE PLOT

KBARN@SPRYNET.COM

812-318-4376

SOUND NEEDS

- DI for back of amp, xlr
- Instrument mic on boom for dulcimer
- Vocal mic on boom
- Power supply for amp

KARA TRAVELS
WITH HER OWN
STOOL AND TABLE
FOR STAGE.

LOUDBOX MINI

- 60 Watts
- Digital Reverb & Chorus
- Bluetooth® 4.0 Connectivity
- D.I. output: Balanced XLR output

Kara Barnard travels with her own stool and small table for stage.

She plays her mountain dulcimer through a

Fishman Loudbox Mini BT 60-Watt 1x6.5 Inches Acoustic amp.

Sound engineers can run a DI out of the back of the amp.

An instrument mic on a boom can also be used to mic the dulcimer if the sound engineer prefers.

One vocal mic on a boom is needed for vocals

Power supply is needed for the amp.
